
2019 Good Turn for Pipestone

Good Evening All,

You are receiving this eMail because you were the unit contact for your unit for the previous Good Turn season. If you are no longer that person, please forward this eMail to the appropriate party.

The Good Turn staff are pleased to announce that registration is now open for all three Good Turn Weekends on the Council website (<http://www.buckeyecouncil.org/goodturnprogram>).

As in year's past, we are offering project selections by family/grouping. Once your unit makes their registration, our project coordination team will review, and assign a specific project for your unit. For example, if your unit selects "paint/stain structure" from the list, we'll determine what structures are most in need, and assign applicably. Also, if two smaller units select "paint/stain structure" for the same weekend, we may assemble them into a team and have them conquer an entire structure, as opposed to having half of two completed. If your unit has already spoken with, and received approval from the Ranger for a specific project, please indicate so on the registration.

In years past, there has been some mild confusion over assumptions on campsite assignments. Campsites and/or buildings will be assigned on a first-come/first-served basis. In 2019, buildings will have to be rented. This will avoid having more units in a building than assigned! If the campsite you wanted does not appear on the list when you register, it is likely because another unit has already selected it, and it is no longer available. Moral to the story – if you simply *must* stay in Lenape or the world will end, get your registration in early.

More information will be forthcoming as available.

Thank you for all that you do for our youth, and our camp!

Michael Devine

Good Turn Coordinator
